

LIST OF CATALOGUE GROUPS

1. RAW MATERIALS AND SEMI-FINISHED ARTICLES

- 1.1. Wood and timber
- 1.2. Printing inks
- 1.3. Parisons, drawpieces, mouldings
- 1.4. Lacquers
- 1.5. Modifying agents for plastics
- 1.6. Paper for fibreboard making (e.g. fluting)
- 1.7. Coloured masterbatches
- 1.8. Polymers
- 1.9. Other

2. PACKAGING MATERIALS

- 2.1. Aluminium in tapes, sheets and rings
- 2.2. Tinplate, zinc coated plate and blackplate
- 2.3. Aluminium foil
- 2.4. Flexible plastics and stretch films
- 2.5. Metallized films
- 2.6. Plastic sheets
- 2.7. Foils for hot stamping
- 2.8. Laminates
- 2.9. Paper for printing
- 2.10. Packing paper
- 2.11. Paper and board for making packages
- 2.12. Nets
- 2.13. Plywood
- 2.14. Fibreboard
- 2.15. Woven fabrics
- 2.16. Other

3. PACKAGING AND ACCESSORIES

- 3.1. Packaging
 - 3.1.1. Ampoules, vials
 - 3.1.2. Glass carboys
 - 3.1.3. Barrels, drums, cans
 - 3.1.4. Bottles
 - 3.1.5. Gas-cylinders
 - 3.1.6. Canisters
 - 3.1.7. Crates (made of metal, wood, plastics)
 - 3.1.8. Containers
 - 3.1.9. Churns
 - 3.1.10. Baskets (made of wire, plastics or wicker)
 - 3.1.11. Cups, tubs
 - 3.1.12. Chip baskets

- 3.1.13. Aerosol packages
- 3.1.14. Blister and skin packs and their components
- 3.1.15. Pallets and pallet components
- 3.1.16. Receptacles
- 3.1.17. Boxes
- 3.1.18. Cases, boxes
- 3.1.19. Metal cans
- 3.1.20. Wooden and wood-based cases
- 3.1.21. Cases, crates, boxes
- 3.1.22. Jars
- 3.1.23. Trays
- 3.1.24. Bags, pouches
- 3.1.25. Shopping bags
- 3.1.26. Collapsible tubes
- 3.1.27. Pails
- 3.1.28. Sacks, heavy duty bags
- 3.1.29. Moulded pulp containers
- 3.2. Other packaging
 - 3.2.1. Office supplies and sundries (folders, envelopes, sleeves, file binders)
 - 3.2.2. Single-use catering tableware
 - 3.2.3. Cosmetic compacts (shades, powder, mascara, lipsticks)
 - 3.2.4. Decorative packaging
 - 3.2.5. Postal parcel packaging
 - 3.2.6. Special packaging for medical supplies
 - 3.2.7. Household chemistry packaging
 - 3.2.8. Bag-in-box packaging
 - 3.2.9. Intestine
 - 3.2.10. Spools, bobbins, tubes
 - 3.2.11. Other
- 3.3. Accessories
 - 3.3.1. Labels, wrappings, banderoles
 - 3.3.2. Adhesives
 - 3.3.3. Ropes, strings, cords, yarns
 - 3.3.4. Protective materials
 - 3.3.4.1. Sealing materials
 - 3.3.4.2. Paper and fibreboard cushioning materials
 - 3.3.4.3. Plastic cushioning materials
 - 3.3.5. Self-adhesive paper and plastic films
 - 3.3.6. Pins, clips, staples
 - 3.3.7. Tapes and straps
 - 3.3.8. Packing straps
 - 3.3.9. Large and small box accessories
 - 3.3.10. Closures

- 3.3.10.1. Lids
- 3.3.10.2. Bottle closures
- 3.3.10.3. Jar twist offs
- 3.3.10.4. Dispensing closures
- 3.3.10.5. Other closures
- 3.3.11. Heat-Shrinkable labels
- 3.3.12. Other
- 3.4. Packing services

4. PACKING MACHINES AND EQUIPMENT

- 4.1. Volume-filling, level-filling machines
- 4.2. Machines filling by weight - weight batchers
- 4.3. Machines filling by counting
- 4.4. Machines closing (closing machines) without the use of closing elements
- 4.5. Machines closing through thermal action
- 4.6. Machines closing with the use of closing elements
- 4.7. Machines closing with the use of auxiliary closing elements
- 4.8. Wrapping machines
- 4.9. Flap bending machines
- 4.10. Machines for forming, filling and closing
- 4.11. Machines for production of packaging from flux, granulates, by preliminary forming, then filling and closing
- 4.12. Machines for positioning, filling and closing stable shape packaging
- 4.13. Machines for filling and closing ready-made packaging
- 4.14. Skin pack machines
- 4.15. Blister pack machines
- 4.16. Machines and devices for packing into flexible foil
- 4.17. Foil wrapping machines
- 4.18. Capping machines
- 4.19. Labelling machines
- 4.20. Product special protection machines or equipment
- 4.21. Machines for bulk packaging
- 4.22. Shrink foil packing machines
- 4.23. Machines for positioning individual packages for bulk packaging
- 4.24. Machines for closing bulk packages
- 4.25. Machines for wrapping bulk packages
- 4.26. Machines producing protective devices for packaging
- 4.27. Head-shrinkable label applicators
- 4.28. Machines for unpacking bulk packaging
- 4.29. Machines and devices facilitating manual packaging
- 4.30. Machines or devices for reading out, checking, inspecting, marking, counting, weighing and identifying in the course of the direct packaging process
- 4.31. Washing, cleaning, drying and microorganism removing machines
- 4.32. Filling and emptying large containers
- 4.33. Auxiliary equipment (slicing, cutting, unfolding)
- 4.34. Components, space parts, accessories
- 4.35. Other

5. PACKAGING MANUFACTURING MACHINES

- 5.1. Packaging manufacturing machines
 - 5.1.1. Cardboard manufacture and processing machines
 - 5.1.2. Bag making machines
 - 5.1.3. Sack forming machines
 - 5.1.4. Injection moulding machines
 - 5.1.5. Extrusion blowing and extrusion-blowing machines for the manufacture of PE, PP, PVC, PET bottles and containers
 - 5.1.6. Other specialist packaging manufacturing machines
 - 5.1.7. Heat sealing machines
 - 5.1.8. Complete lines for packaging manufacture
- 5.2. Moulds, dies and stencils
- 5.3. Machines (and complete lines) for the manufacture of HDPE, LDPE, PP and other films
- 5.4. Machines for cutting and preliminary moulding of laminates, films, tapes and paper
- 5.5. Packaging material distributors (for PVC, PE, PS, OPS and other foils)
- 5.6. Components, spare parts, accessories
- 5.7. Auxiliary machines
 - 5.7.1. Plastic processing machines
 - 5.7.2. Plastic recycling machines
 - 5.7.3. Compressors and blowers
- 5.8. Printing machines
 - 5.8.1. Label printing machines
 - 5.8.2. Overprinting machines
- 5.9. Packaging control and measuring machines
 - 5.9.1. Packaging dimension and shape control machines
 - 5.9.2. Mechanical and thermal resistance control machines
 - 5.9.3. Tightness control machines
 - 5.9.4. Element and toxic substance detectors
- 5.10. Used packaging recycling
- 5.11. Other

6. LOGISTICS

- 6.1. Equipment and devices for internal transport
 - 6.1.1. Hand-operated, electric and diesel powered forklift trucks
 - 6.1.2. Stacker cranes
 - 6.1.3. Cranes
 - 6.1.4. Extractors
 - 6.1.5. Overhead cranes
 - 6.1.6. Conveyors
 - 6.1.7. Manipulators
- 6.2. Warehouse management equipment
 - 6.2.1. Storage equipment
 - 6.2.1.1. Storage racks (stable, powered, drive-in)
 - 6.2.1.2. Storage stands
 - 6.2.1.3. Storage hangers
 - 6.2.1.4. Storage bunkers
 - 6.2.2. Storage handling equipment
 - 6.2.2.1. Storage platforms

- 6.2.2.2. Loading bridges
- 6.2.2.3. Reloading platforms
- 6.2.2.4. Mechanical weights (platform, lift, overhead)
- 6.2.2.5. Other storage and handling equipment
- 6.3. Components, spare parts, accessories
- 6.4. Logistic information processing specialized equipment
 - 6.4.1. Input-output devices
 - 6.4.2. Magnetic and optical readers
 - 6.4.3. Computer hardware parts and accessories
- 6.5. Transport, storage and forwarding services
- 6.5. Logistic information services
- 6.7. Telecommunication services
- 6.8. Logistic R&D services
- 6.9. Bar codes and automatic data identification systems

7. PRINTING SERVICES

8. SPECIALIST PUBLICATIONS

9. ASSOCIATIONS, INSTITUTIONS, ORGANIZATIONS
